Aegis-100

Cyber Shield

An AI-powered security solution for Telcos and ISPs as well as SMEs. Aegis offers Advanced Phishing, Malware, Scam and DDoS protection including zero day attacks.

Unique Capabilities and Features of Aegis-100

Region-based web content categorization for targeted cyber fraud detection and prevention.

AI-assisted anomaly detection identifies real-time irregularities to combat zero-day attacks.

Simultaneous detection of distributed and volumetric attacks for effective mitigation..

About VSi

Harnessing cutting-edge technologies, VSI has developed a proprietary Extreme Packet Processing (XP²) Engine. This groundbreaking development empowers VSI to provide superior network intelligence at speeds exceeding 100Gbps, setting an exceptional standard for efficiency in the industry. VSI products enable Telcos, mobile operators, Law Enforcement Agencies, and commercial enterprises with unmatched capabilities to safeguard, monitor, lawfully intercept, manage, prioritize, and analyze internet traffic in real-time.
